Submitter Information

Name: Steven Carleton

General Comment

I have taken the time, done the research, and learned how to properly use options trading to REDUCE the risk in my portfolio. Many people improperly use options and increase risk ... I do not engage in this type of trading. Please do not punish those of us who understand the proper use of options and have the discipline to control ourselves (while we watch our portfolio value increase!) by prohibiting options trading in any type of brokerage account.

Thank you for your consideration!
